Sanitary Plumbing

A pipe into an up to date bathroom
is only less refreshing than the bath
itself. During the summer you will
look to the bath for bodily
comfort. I will show you samples and
plans of the porcelain and other tubs
and give you estimates for the work
of putting them in the best manner
from a sanitary standpoint—and guar-
antee the entire job.

COAL AND LUMBER.

COAL

"Will There Be a Coal
Strike April 1st?"

This question is asked now every
day, and we say, "We hope that there
will be no shut-down at that time, but
we don't know. Our advice is to order
a fairly good supply of coal this month."

MOVE TO AVERT SOFT COAL STRIKE

Bituminous Operators and Representatives of 200,000 Miners
in Conference—First Demand of Miners Considered But
No Decision Reached—Conference Was Only a Skir-
mish, Declares President White of United Mine Work.

Cleveland, O., March 20.—Discussion of the question of wages today between bituminous coal operators and representatives of 200,000 union miners in the bituminous coal fields of western Pennsylvania, Ohio, Indiana and Illinois, in an effort to avert a prolonged suspension of business after April 1st and to avert a possible strike, were without definite results.

350,000 Miners to Be Idle.
The prospect that all the bituminous coal mines would be closed down after the first of the month, pending reaching a new two-year working and wage agreement, was said to be imminent. It also was said that the lack of a wage scale in the coal fields would leave the union bituminous coal miners in other states without a basis upon which to work, and they would have to close, ending the idleness of more than 350,000 miners.

Only First Demand Considered.
After today's conference had adjourned until tomorrow the union officials and operators announced that only the first of the miners' demands

had been considered and no vote had been taken. This demand is that all the men be paid on the "run of the mine" basis. At present the pay is based either on a ton screened or sifted from the smaller lumps and dust, or at a smaller rate for coal unscreened.

Provides for Flat Rate Per Ton.
The "run of the mine" basis, already in use in some states, would provide for a flat rate per ton mined regardless of whether the coal was screened or not. In readjustment on this basis the miners demand an increase of ten cents a ton over the average price now paid. They also want shorter working hours.

Merely a Skirmish.
Asked if he considered today's conference indicated an early settlement, John P. White, president of the United Mine Workers of America, said:
"Today's conference was merely a skirmish. It does not indicate anything."

**AVIATOR COFFIN IN
A SERIOUS CONDITION**
Sustained Possible Fracture at Base
of Skull in Auto Smashup.

New York, March 20.—Although first examinations indicated that he had been but slightly injured, physicians said tonight that Frank Coffin, the aviator, today in an automobile smashup in Central park, sustained a possible fracture at the base of the skull. The condition is serious.

"Coffin has sustained a severe blow over the left eye," says a statement issued tonight, "and he is now suffering continuously from hemorrhage from the nose, which, with the continued headache he is having, all point to the symptoms of a severe fracture at the base of the skull."
Mrs. Coffin was permitted to see her husband for a short time late today. She was told that although her husband's condition is serious, he has a good chance for recovery, and that there is no immediate danger of the injuries resulting fatally.

**MRS. TAFT FALLS
FROM WHEEL CHAIR**
Reports That She Had Been Seriously
Injured Proved Unfounded.

New York, March 20.—Mrs. William Howard Taft, wife of the president, sustained as she was alighting from a wheeled chair at the woman's industrial exhibition in the Grand Central palace today, and fell to the floor. She was not injured and later was able to attend a matinee performance at a theater. The report that Mrs. Taft had been seriously injured, and that she was being rushed to a hospital, was quickly disproved. Mrs. Taft was seen leaving the exhibition in a motor car, and was reported to be in good health. The president's wife was seen leaving the exhibition in a motor car, and was reported to be in good health.

**PASSING THROUGH
A FEVERISH STAGE**
Paris Newspaper Regards International
Situation as Delicate.

Paris, March 20.—Alluding to what the newspaper regarded as the delicate international situation, the French newspaper, "Le Temps," declared today that the great powers are passing through a feverish stage and that their internal difficulties are such that they have a common interest not to make any move which might lead to a general war. The newspaper expressed the opinion that Mr. Churchill's visit to London would do nothing to improve the situation. The British foreign secretary, Mr. Balfour, is expected to arrive in London today. The newspaper also mentioned that the French government is considering the possibility of a new treaty with Germany.

**ANOTHER BABY DIES
OF ACID POISONING**

Tenth Similar Death in Brooklyn
Nursery and Infants' Hospital.

New York, March 20.—Another baby died of acute acid poisoning at the Brooklyn nursery and infants' hospital today—the tenth death due to the same cause. The baby had displayed signs of acid poisoning at the time that Winifred Anders, the woman of all work at the nursery, was arrested and charged by the police with having poisoned the babies. The Anders woman has since been indicted for murder and is in jail pending her trial.

Federal Commander Joins Rebels.

Mexico, March 20.—A rebel detachment entered the city of Parral today, where they were joined by the former commander of federal rurales, Jose De La Luz Soto, and his men. As Soto had previously agreed to join the revolution, there was no fighting.

Rebels Travel in Box Cars.

El Paso, Tex., March 20.—Eight hundred rebels intended for the campaign against Ojinaga departed from Juarez today, going south in 42 box cars.

ROUGH SCALY SKIN.

Little Babies That Peel Off and
Form Again.

Try This Remedy At Our Risk.

Most skin diseases are eruptions accompanied by itching. But there is another kind in which small patches of scales appear and fall off, followed by another crop. This may spread all over the body and become almost incurable.

Successful application of Saxon Salve, our new skin remedy, should be made. It is very healing and penetrates through the outer layer of skin to the very seat of the trouble, destroying the germs.

Treated in this way, as directed by the book in the box, the scaly patches disappear and are replaced by smooth, healthy skin. Saxon Salve is wonderfully healing and soothing in all forms of skin diseases, eczema, barber's itch, ringworm, etc., and we guarantee it to satisfy you, paying back your money if it does not. Broadway Pharmacy, G. G. Engler, Norwich, Conn.

The "Child's Welfare" movement has challenged the attention of thoughtful people everywhere. Mothers are natural supporters, and will find in Polley's Honey and Tar Compound a most valuable aid. Coughs and colds that unchecked lead to croup, bronchitis and pneumonia yield quickly to the healing and soothing qualities of Polley's Honey and Tar Compound. Lee & Osgood Co.

"GOT MY SORE FOOT IN IT RIGHT!—TIZ"

"A TIZ Bath, My Boy, a TIZ Bath! You
Can't Beat It for Sore Feet,
Corns and Bunions!"

Is this man a tender-foot? No. He is a joy-walker—one who uses TIZ and gets from the feet a happiness one never felt before.

When your feet are so tired they feel like stumps, when they ache so that they hurt way up to your heart, when you shamble your feet along and it seems as though all the misery you ever had has settled in your feet, look at the happy TIZ man in the picture.

You can be happy-footed just the same. If you have corns and bunions that everybody seems to step on, just think of this happy TIZ man. He had corns and bunions, too. This man used TIZ, and now he has no more tender, raw, chafed, blistered, swollen, tired, smelly feet, corns, callouses or bunions. As soon as you put your feet in a TIZ bath, you feel the happiness soaking in. It's like mountain ozone to lungs.

Nothing else but TIZ can give you this happy foot feeling. Don't accept any substitutes.

TIZ, 25 cents a box, sold everywhere, or sent direct, on receipt of price, by Walter Luther Dodge & Co., Chicago, Ill. Recommended by all Drug Stores, department and general stores.

ON TRIAL FOR MURDER OF HER HUSBAND.

Bride of a Year Claims She Was Men-
tally Irresponsible.

New York, March 20.—Genevieve Summerville Nicodemus, a young woman of strikingly attractive appearance, who killed her husband, Francis, a traveling salesman, last October, was on trial today for her life today. From the questions put to the woman it was evident that her defense will be mental irresponsibility aggravated by her husband's cruelty.

She and Mrs. Nicodemus eloped and were married only a year ago. They soon quarreled and separated, and later she had her served with papers in that she alleged was a fraudulent suit for divorce. There was an altercation between them on the street, during which she fired two shots at herself in an attempt at suicide.

In her home she carried a bottle of carbolic acid, which was broken by one of the bullets. She declares the pain of the burning acid so maddened her that, without realizing what she was doing, she fired twice more upon her husband. Both shots took effect, and he died the next month. Six jurors were obtained at today's session of the trial.

BURGULARS FATALLY WOUND CONSTABLE

Muffle Him in Blankets and Shoot
Him in the Head.

Vernon, R. C., March 20.—Provisional Constable Ashton of Bellevue was shot and mortally wounded early today by two men who had robbed a store. Constable Ashton arrested the men and took them aboard a steamer, where he guarded them in a state-room. Overpowering their captor, the desperadoes muffled him in blankets and then shot him in the head. The robbers disembarked at Peashead, and possess are searching for them.

\$150,000 Loss in Lumber Fire.

Nelson, R. C., March 20.—The Yale-Columbia sawmill, a lumber yard and a warehouse of feet of lumber were destroyed by fire today. The loss is \$150,000. The fire is said to have been started by an incendiary.

Brief State News

Danbury.—The show of the Western Connecticut Poultry association will be held November 23, 29 and 30.

South Meriden.—Rev. O. T. Maginnell of Wethersfield delivered the sermon at Holy Angels church, Tuesday evening.

Greenwich.—Judge Frederick A. Laxative Bromo Quinine, the world wide Cold and Grip remedy, removes all ailments. Look for signature E. W. GROVE, etc.

Health and Beauty Helps

BY MRS. MAE MARTYN

K. B.: Regardless of your age, I do not recommend the use of face powder. It clogs the pores and in time will make your complexion rough and anything but handsome. The best kind of a beautifier is made by dissolving a ounce of apricot in a pint of water (or hot water), adding 2 teaspoonfuls of glycerine and a very little oil. This lotion will clear your complexion and give it a wholesome, charming glow. It also softens the skin, giving it a wonderful protection from chapping in the wind.

Mrs. F. B.: To have a head of perfect hair you must keep your scalp absolutely clean and free from dandruff. If you will shampoo twice a month with a teaspoonful of carborax dissolved in a cup of hot water, rinsing thoroughly with clear water, you will find your hair will always be fluffy, bright and clear. This shampoo is so superior to others that the best class of hair-dressers use it almost exclusively. It makes the hair shine like silk and does not dry the scalp or cause any signs of streaking, brittleness or other bad effects which are caused by using soap. There is nothing like it for removing dandruff, cleansing the hair and giving it to that much-desired softness and brilliancy.

C. P.: Your pimples, sallowness and hollow cheeks are due to a run-down condition of the body. The only way to remove these is to clear your blood of its impurities. Dissolve one ounce of cardinals and 2 cupful sugar in a pint of alcohol, then add hot water to make a quart. Take a tablespoonful before each meal. This is a splendid system tonic and will soon restore the look of perfect health to your face. Fill out your cheeks and give you the energy and ambition which only a healthy person has. It is a wonderful blood-purifier, energizer and liver regulator.

M. D.: You can make your hair grow in thick and abundant by rubbing into the scalp twice a week the following tonic: Mix 1 ounce of cod liver oil, 1 ounce quinine and 1 pint cold water. This will show better results in a short time than any other hair tonic on the market put together. Oils and vaseline really do very little good, but this tonic will be a most pleasant surprise.

Hubbard, who is spending several weeks at Atlantic City, has sent word that he is feeling much improved.

Bridgeport.—William H. Ryan, former manager of the Shea theater in Manchester, N. H., has taken charge of the Park theater in this city under the same management, succeeding W. H. Ervine, who goes to Manchester.

Torrington.—With the recent annual borough meeting, the socialist bubble in Torrington blew up. The strength of the organization, manifested at the annual town meeting held in October last, was cut almost in two.

Terryville.—Ireland and St. Patrick was the subject of a lecture delivered by Rev. J. H. Sheehan at the Church of the Immaculate Conception, Sunday evening. There was a large and interested audience present and a special musical programme was given.

Naugatuck.—Confirmation was administered to a class of forty-one by Right Rev. Chauncey D. Brewster, bishop of Connecticut, at St. Michael's Episcopal church Sunday afternoon at 4 o'clock. The bishop preached an eloquent sermon on "Seeking the Lord."

West Hartford.—The selectmen have voted to buy a tar sprayer, one of the improved type, which sprays the oil in a heated condition, thus giving a more satisfactory distribution of the oil on the roads. They are also to buy a sweeper with which to prepare the roads for the laying of the oil.

Beware of Quinine for Catarrh that Contains Mercury.
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is too great to be trifled with. It is taken internally, acting directly upon the blood and mucous surfaces. It is taken internally and made in Toledo, Ohio, by Dr. J. C. Cheney & Co., Testimonials free.

Take Hall's Family Pills for constipation.

Nineteen Miles a Second
without a jar, shock or disturbance, is the awful speed of our earth through space. We wonder at such ease of nature's movement, and so do those who take Dr. King's New Life Pills. No gripping, no distress, just thorough work that brings good health and fine feelings. See at Lee & Osgood Co.'s.

C. A. Glossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days my eye vision was completely restored and I felt greatly improved. My kidneys became stronger, dizzy spells left me and I was no longer annoyed at night. I feel like a new man since using Foley Kidney Pills." Lee & Osgood Co.

to you in its beneficial results. It removes dandruff, stops scalp-itching and checks falling hair almost instantly.

Mrs. G. G.: You will find nothing as good to strengthen your weak eyes, clear them of redness and make them bright and beautiful as this simple eye tonic. Dissolve an ounce of crystals in a pint of water and put a few drops in each eye twice a day. Many successful oculists recommend this fine tonic owing to its great merit. There is nothing better for treating granulated lids and it acts very quickly.

Mrs. E.: It is a very simple matter to remove every trace of hair from your chin. Make a paste with a little powdered detanite and water, then spread on hairy surface and in two or three minutes rub off, wash the skin and the hairs will have vanished. This is a painless and certain way in which to banish hairy growth.

Mrs. M.: Do not let the eye-lashes. Instead, apply a little proxiol to lash-roots with thumb and forefinger and they will grow in silky and long. This eyebrow can be made to grow in thick and long if you apply proxiol each night with the forefinger. Use caution and do not get any proxiol where hair is not wanted.

Juanita: The cost of fat-reduction need not be high. If you will buy 4 ounces of paraffin and dissolve it in 14 parts hot water you have the best and safest fat-remedy known. Take a tablespoonful before meals and your excess fat will soon be gone. No dieting or violent exercises are necessary and your skin will remain smooth and unruined. Paraffin is absolutely harmless and has worked wonders where other remedies failed.

A. L. M.: I do not like to recommend any of the prepared cold creams, as most of them are too greasy and are likely to cause hair to grow on your skin. Try this: Stir 1 ounce almond oil and 2 teaspoonfuls glycerine in 1/4 pint cold water. This will make an excellent cream that will cleanse your skin and keep it smooth, velvety and free from chapping. It will keep your complexion radiant, perfectly clear and free from blackheads and wrinkles.

KING'S PUREMALT

Collier's Weekly in its issue of September 2, 1911, published an article entitled "Here Are Foods That Are Pure," by Margaret Wagner. There was printed in this article "A List From Which Housewives May Choose Without Doubt or Hesitancy." This list was the result of several years' analytical work by the pupils of the State Normal School at Westfield, Massachusetts, under the direction of Prof. Lewis B. Allyn. KING'S PUREMALT is mentioned among the food products of absolute pure quality. The indorsement of this preparation and the publication of the article by Collier's Weekly was unsolicited by the manufacturers.

KING'S PUREMALT with the addition of hypophosphites of iron and lime, is a medicinal tonic recognized for many years as a most dependable, strengthening, body-building liquid food. Only the choicest materials are used in its manufacture. It is without an equal and is recommended generally by physicians.

KING'S PUREMALT is sold at all drug stores in strict conformity with the pure food and drug acts of June 30, 1906. Send for prices.

KING'S PUREMALT DEPARTMENT
73 CONANT STREET, BOSTON

Bristol.—James F. Driscoll of Holbrook, Mass., has been engaged as principal at the District No. 2 school during the illness of Principal Clarence A. Bingham, who is at the Hartford hospital. Mr. Driscoll has had three years' experience in New York state schools.

Waterbury.—Twenty-four Connecticut graduates of the Pratt institute held their semi-annual reunion Saturday evening in the dining room of the "Champlain" hotel. Members were present from Hartford, New Britain, New Haven, Ansonia, Bridgeport, Danbury and a number of other cities.
